JUDGE W. W. TEEGARDEN.

Judge W. W. Teegarden, candidate for re-election for second term as Common Pleas Judge of Darke county, was born on a farm in Brown township, Darke county, Ohio, in 1862. His experiences as a boy were such as usually fall to the lot of country boys. He attended the district schools during his school age and later became a student at the Normal University at Ada, Ohio. He began teaching in the public schools in 1884 and continued in that vocation for nine years, three years of which employment was in the country schools and the remaining time in the graded schools at Ansonia. In the meantime he took up the study of law under the direction of the law firm of Knox, Martz & Rupe of Greenville, and having passed a successful examination before the State Board of examiners, he was admitted to the bar in 1893; he then discontinued teaching and entered the practice of law in Greenville, continuing in the practice until 1908, when he was elected Common Pleas Judge in the second subdivision of the second Ohio District, since which time he has been engaged in the discharge of the duties incumbent upon him in that office.

On December 24th, 1885, he was married to Catherine C. Hershey; as the result of the marriage there were born to them four children, Chester H., Rolland E., Harold B., and Lorene all of whom are now living.

CHAS. Q. HILDEBRANDT

Republican Candidate for Secretary of State.

CHARLES Q. HILDEBRANDT, Republican of Wilmington, was born at Wilmington, Ohio, October 17, 1864; attended public schools, afterwards The Friends (Quaker) college at Wilmington, O., and later the Ohio State University, Columbus, O. Leaving the university, he was engaged with his father in the book and stationery business in Wilmington until 1890, when he was elected clerk of the courts of Clinton county, in which capacity he served three full terms and an interregnum of six months, in all nine and one-half years. While serving as clerk of courts he was nominated to congress by the Republicans of the sixth congressional district, was elected and re-elected in 1902.

Mr. Hildebrandt is one of the younger generation of that fine old thoroughbred Clinton county Republican stock, whose forebears have been loyal to country and party for a century. He is a Republican of the sturdiest type, and is splendidly equipped by ability and experience to discharge the duties of secretary of state.

An earnest, ardent Republican, he has been an active worker in behalf of his party from the time he became of age.

Judge of Probate Court.

Nominated by petition, I am a candidate for Judge of the Probate Court of Darke County, Ohio, at the November, 1914, election, non-partisan judicial ballot. I solicit the support of all voters who desire an HONEST and EFFICIENT administration of the affairs of this Court.

Respectfully,
O. B. KRICKENBERGER.

ASKED TO EXPLAIN

Can Suffragists Tell Why Women Fail as Prohibition Voters?

The vote in Virginia Sept. 22 makes eleven states that have gone prohibition on the votes of men alone. Of the nine suffrage states none is prohibition but Kansas, and it went dry many years before women got the vote there. Colorado, Oregon, Washington, California and Wyoming, all rejected prohibition, and Wyoming, where women have voted forty-five years, never voted even one county dry, while California has but one dry county. Can Dr. Anna Shaw or any of the other suffrage leaders tell us why these are not prohibition states when the very strongest argument the suffrage advocates use is, "Give us votes and we will give you prohibition." If but 58 per cent of the Colorado women had voted against the saloons in 1912 prohibition would have won by over 6,000 votes without one male ballot in its favor. Why didn't the female voters there accomplish what male voters have in male suffrage states?

Why are Denver, Chicago and San Francisco wide open on Sundays? Will the suffragists please explain?
